Re: Access to Dead Creek Site,
Sauget, Illinois

Dear Mr. Van Ness:

By this letter I am requesting that the Illinois Environmental Protection Agency grant to the United States Environmental Protection Agency, and its contractors, written authority to enter upon the property immediately surrounding Dead Creek between Judith and Queeny Roads in Sauget, Illinois, for the purpose of replacing the existing fence with a more secure one.

As you know, the Illinois Environmental Protection Agency has this property under seal pursuant to Section 34 of the Illinois Environmental Protection Act. I understand that you have informed Thomas Daggett of our Regional Counsel's Office that the seal order gives your Agency control over access to the site such as the access involved in erecting this fence.

Thank you for your assistance in this matter.

Sincerely,

Michael O'Toole
On-Scene Coordinator
